- Where:** Gallup University (transportation will be provided)
- Why:** Get to know students from Creighton, UNO, and Bellevue, while learning about human resources. Plus, FREE FOOD and PRIZES

## Officers

By Julie Pentis

We kicked off this month's meeting by announcing the candidates for next year's executive officers. At the start of the meeting, the candidates briefly explained the reasons they were running and why members should elect them. Voting was conducted via e-mail, and only registered members were allowed to vote. The results are in, and we are excited to announce next year's executive board:

**President:** Tom Hyde

**Vice President:** Katie Barr

**Secretary:** Nicole Thurston

**Treasurer:** Jared Dennison

*Congratulations, and good luck next year!*

## Diversity

By Julie Pentis

This month Mike Bojanski spoke to us about diversity. We discussed the changing meaning of the term, which has progressed through these basic levels:

1. Ethnicity
2. Background
3. Diversity of thought or personality

We learned about the value of working with a group of people with diverse thoughts and personalities, and found that it is important for members of groups to challenge one another in order to create better results by avoiding groupthink. It was very interesting to explore how diversity is not about meeting quotas for ethnic groups, but about having a better-rounded team with varying, yet complimentary, strengths and weaknesses. This was a really interesting topic and it spurred some great discussion!
